Stained Glass and Decoration.

LAMP, GAS AND ELECTRIC FIXTURES.

652 Hudson Street,

Next Corner below 14th St.,
and 9th Ave. Elevated R. R. Station.

NEW YORK.

TO OUR PATRONS :

This edition of our Catalogue contains a large number of new designs, which we submit as suggestions, and respectfully call attention to the unequalled facilities at our command for the production of Art Manufactures.

Our designs are of a strictly artistic ecclesiastical character, and all work is of the best quality of material and of perfect technical workmanship.

The Designing and Manufacturing Department is in the hands of Mr. Oscar Luetke, whose many works which are to be found in all parts of this country give a sure guarantee of their artistic standard and merit.

We shall be pleased to submit for approval special designs for any Church Furnishing Goods or Decoration, upon receipt of information as to the article needed, the position in which it is to be placed, style of the building, and a suggestion as to limit of expenditure. A photograph showing details of the interior of the church is desirable when possible to obtain.

Work under the direction of architects receives careful attention.

Simple designs have also been prepared for parishes and mission churches where small, limited expenditures are necessary.

Correspondence is also solicited in case an exchange of any kind of Furnishing is contemplated, as we allow very liberal terms upon exchanging articles.

Prices of the various articles will be sent upon request if the number and page are given.

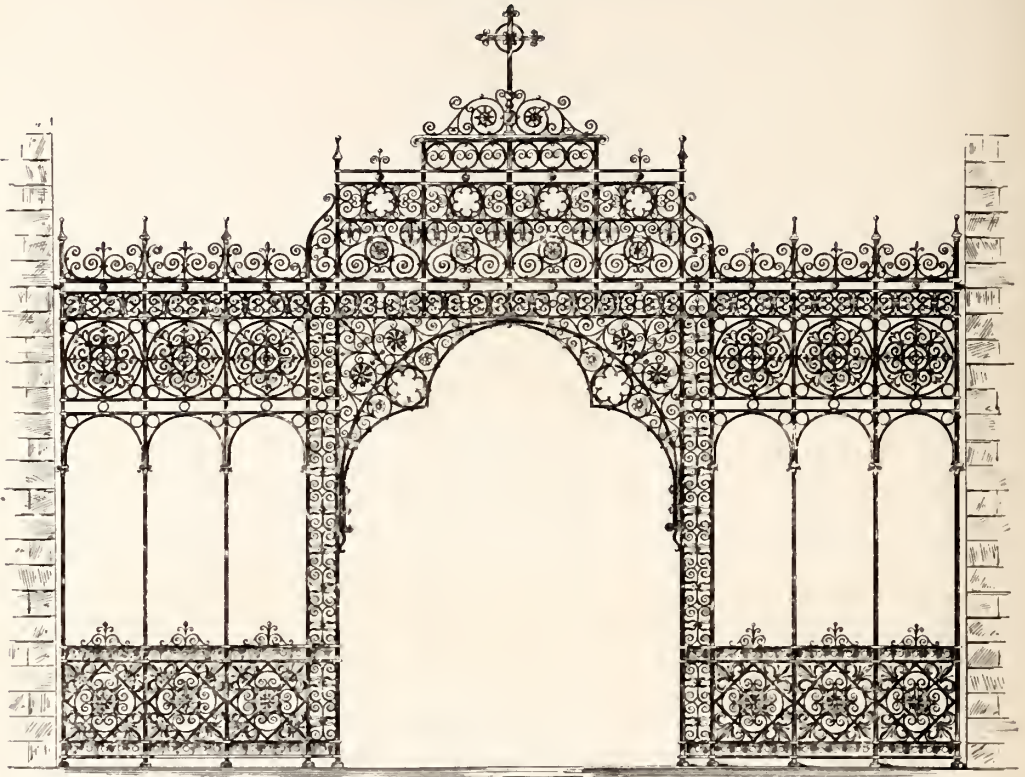

CORRESPONDENCE SOLICITED.

LUETKE & CO.
